

Appearance at a trade show has the highest value. Your trade show presence demonstrates to the marketplace you are a strong company and the products and services you fabricate or supply are important to your industry and make available the bringing together future clients, existing clients, and old clients.

Grace supplies supervised labor resources for installation and dismantling of client exhibits used at tradeshow, for corporate programs, and on consumer road tours. With a team of young, energetic members in Jacksonville FL, Birmingham, AL and Sioux Falls, SD. Grace can service client needs throughout the United States with lead personnel to wherever our clients need services – and you can be assured of a quality job whether the venue is the Las Vegas Convention Center, Cincinnati, Ohio to Spokane, WA. With multiple labor offices and storage hubs throughout the United States, we can provide fast and efficient service all over the country. The hallmark of our I&D program is the training of our supervisory staff to always remain a step ahead. Additionally a supervisory team is assigned by account to assure familiarity with exhibit properties and client's individual needs.

Supervision

Our lead supervisors have widespread knowledge in managing labor for installation and dismantle and a range of other staffing jobs. Supervisors stay with your project throughout the event, guiding on-site labor and working. Our supervisors are consistently assigned to the same customers to offer the best, most personalized service.

Warehousing & Asset Management

Grace has warehouse space that is available for both short and long term storage of client exhibition properties. We utilize regional storage facilities with our local partners and we have our own warehousing in Jacksonville FL. Our asset management program allows a client's exhibit property, to be inspected, repaired, and ready-to-go to meet their calendar of events.

Show Management & Shipping Services

The tradeshow paperwork nightmare stops here. The annoyance of the endless forms for carpet, outbound and return shipping, EAC notification, orders can be handled in-house. All shipping coordination will be handled through the Grace office with the utmost attention paid to both the quality and budget-worthiness of our service suppliers.

Decorating and Rental Services

Grace provides a wide variety of additional services for our clients upon request. These rental services are coordinated through our local vendor network and include exhibition property, furniture, plant and floral services, and audio visual equipment.

Graphics

whether it's a complete graphic solution for your entire exhibit, or a restoration or a repair; if it's graphic, we will keep your exhibit looking brand new. You will have our entire graphic department at your disposal. We provide the widest output, the cleanest photos and the best finishing in the industry.

We recognize that our clients are our most important assets. Our focus is complete concentration upon our clients. Our objective is to provide solutions for the challenges that face exhibitors on the tradeshow floor. We meet these needs through expert service, top-drawer communication, and exceptional attention to detail. We will do our utmost to exceed the expectations of our clients, while keeping a cost effective focus on their project requirements.
